Leaving **Stainless Mark** Globally

About Us

Sun Mark Stainless Private Limited has emerged as a result of the forward integration of the Sunrise Group. This strategic move aims to expand our product portfolio and enhance our capabilities, enabling us to effectively meet the constantly evolving and expanding requirements of both the Indian and international markets.

Since its inception, the company has established itself with a cutting-edge production facility that showcases the latest technological advancements. Our commitment to quality is evident in our equipment, as all twenty seven mills dedicated to welded products have been meticulously sourced from leading global machine manufacturers.

Group of Companies

www.sunmarkstainless.com

Sunrise Stainless Pvt. Ltd is the flagship company of the Sunrise Group, a well-diversified company in the stainless steel sector. With uncompromising quality standards, timely delivery, and cost-effective pricing, we are known for providing outstanding customer service.

Shah Foils Ltd. was founded in 1975 as a trading company and transitioned into a manufacturing unit for stainless steel coils, sheets, and strips in 1999.

Our state-of-the-art machinery is operated by a professional team of technicians and skilled workers, enabling us to deliver high-quality products that meet international standards, all at competitive prices for a global distribution.

Steelora is the newest entrant in the luxury market backbone by the pioneer of stainless steel production. With over 30 years of experience in stainless steel, we are a pioneer in the industry under the Sunrise Group of Industries. Our brand portfolio includes products such as Stainless Steel Railings, Aluminum Railings, and Stainless Steel Decorative PVD sheets. With one of the largest and technologically advanced manufacturing facilities in Asia, Steelora stands out as a shining example of the Make in India Initiative.

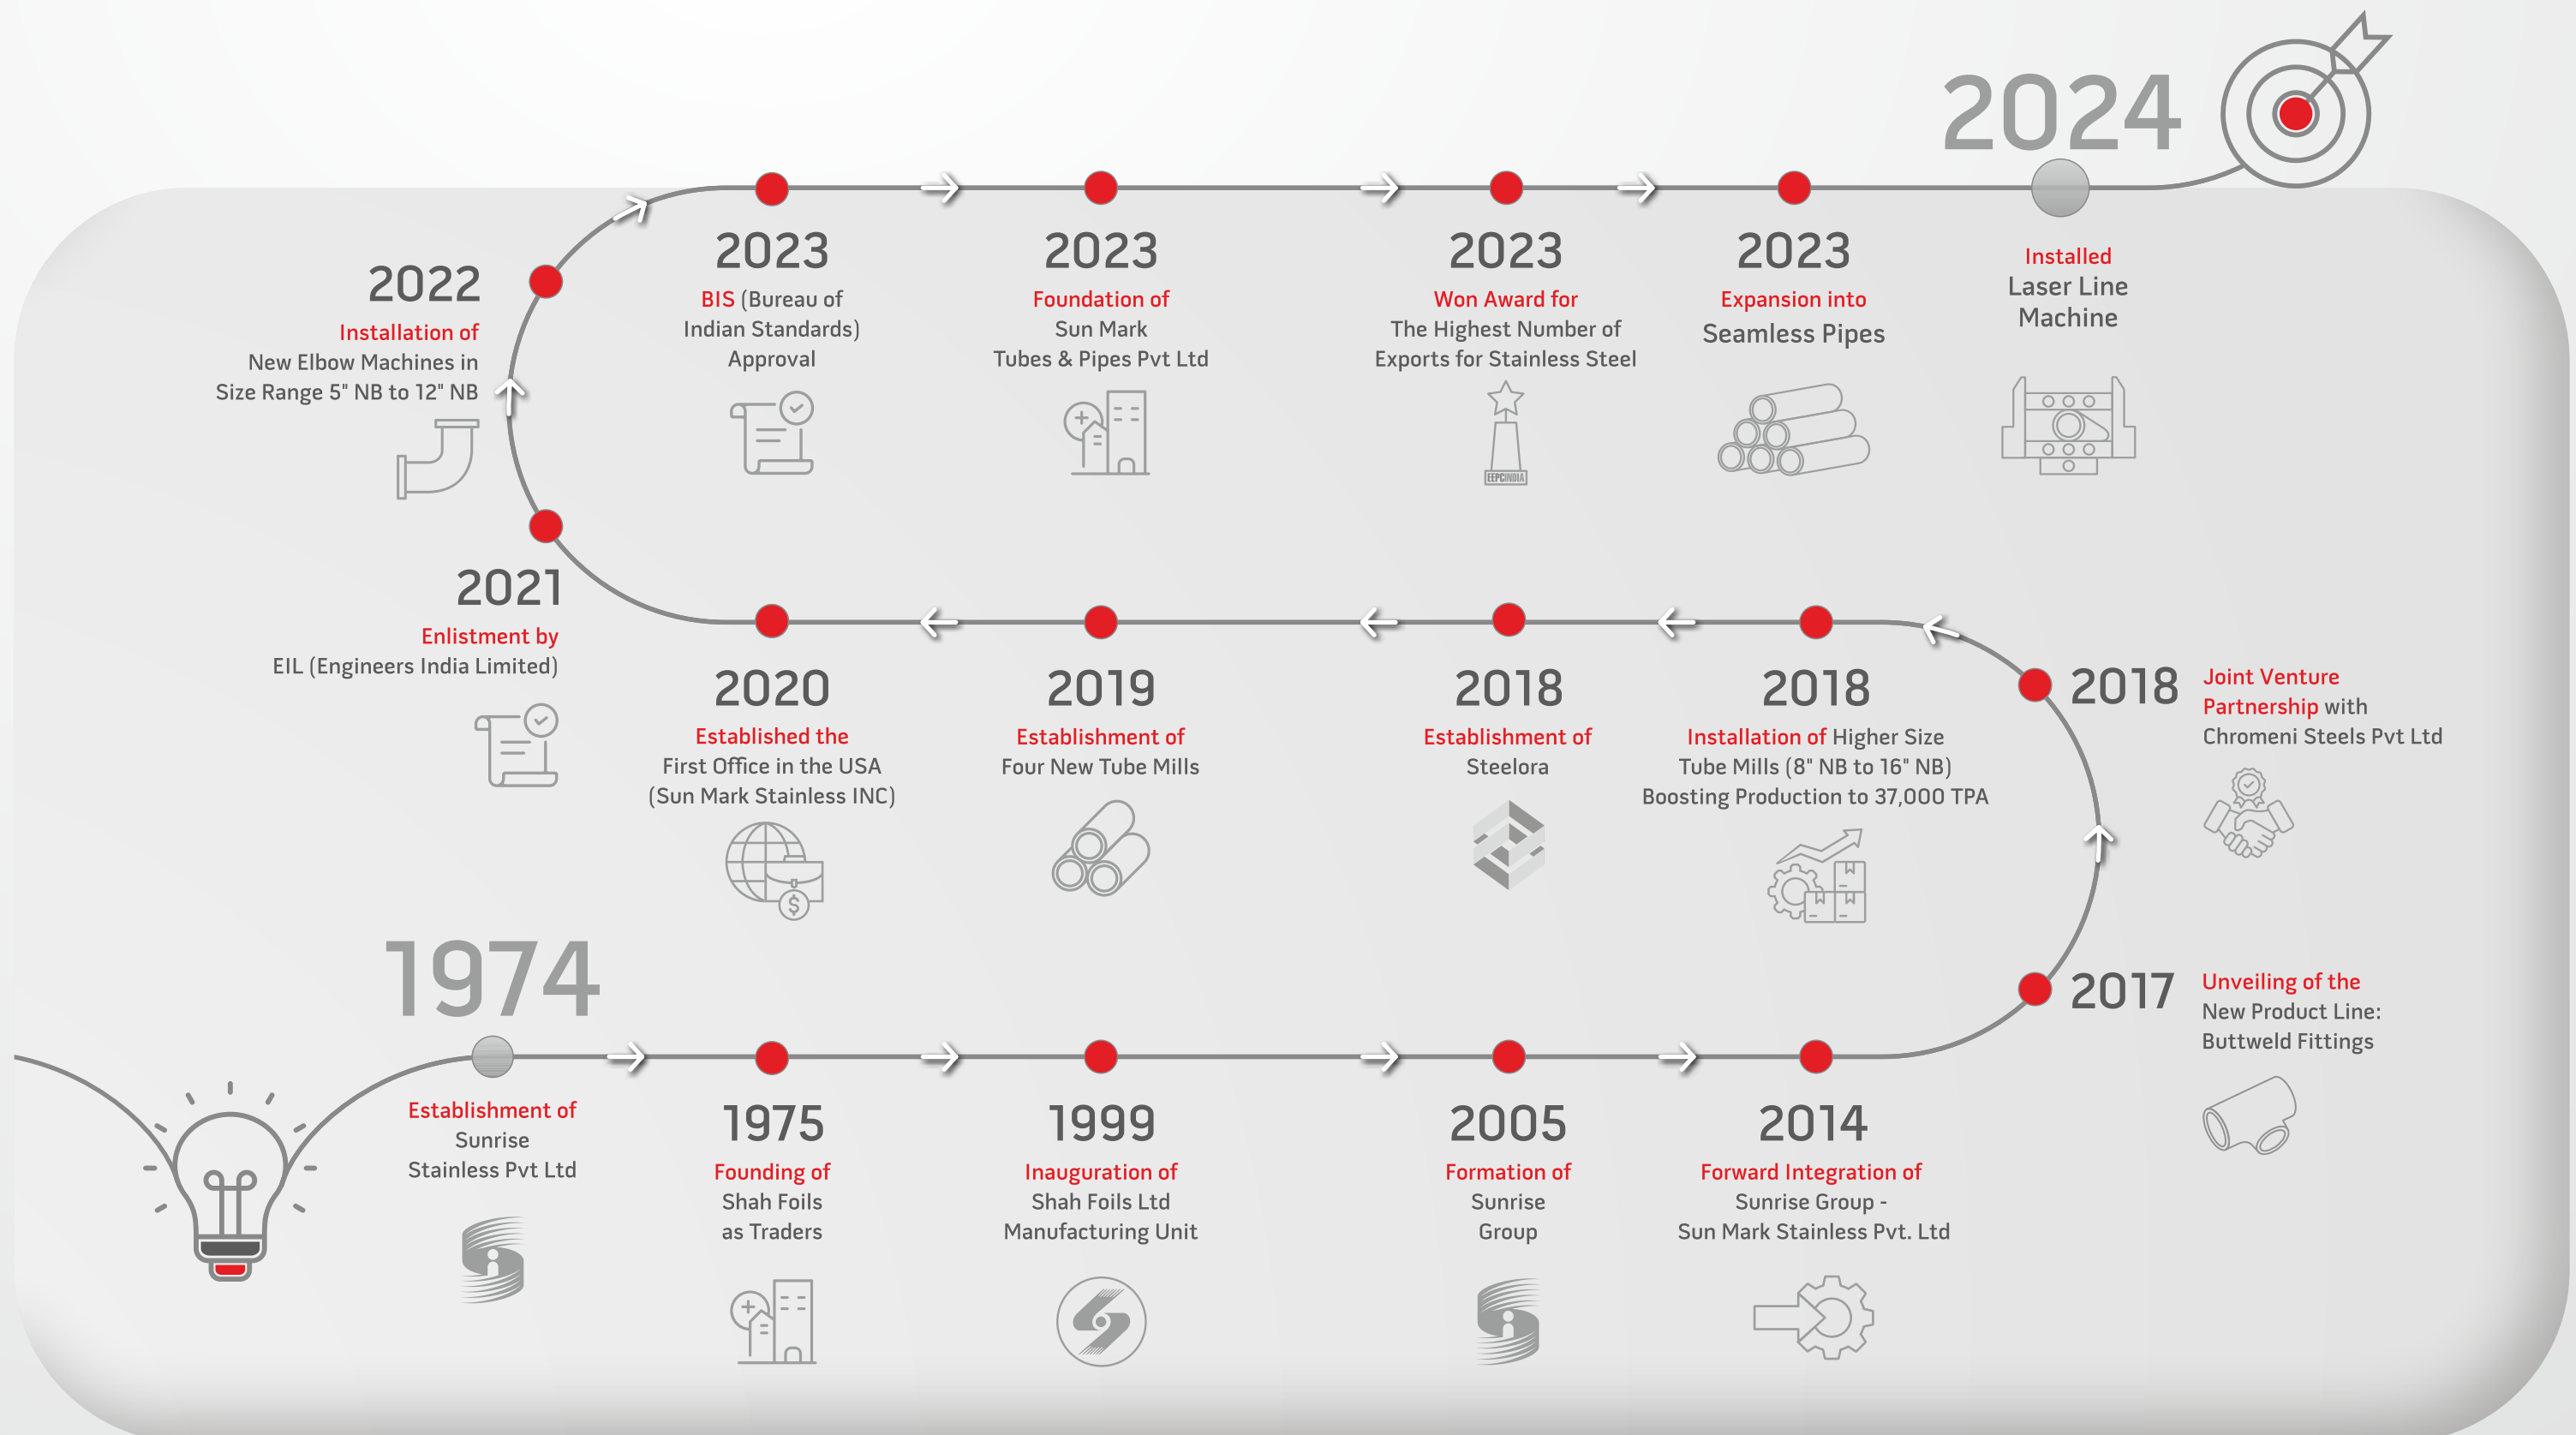

Sun Mark Tubes & Pipes Pvt Ltd stands out in the industry due to our cutting-edge Piercing and Pilger mills. We offer a broad range of sizes and increased production capacity, reaffirming our dedication to providing top-quality stainless steel seamless pipes and tubes that cater to diverse industry requirements. Our recent expansion signifies not only growth but also a commitment to meeting evolving customer needs.

Our Journey

www.sunmarkstainless.com

Our company's journey has been marked by relentless innovation and unwavering dedication.

Our Vision and Mission

VISION

Our vision is to be a global leader in stainless steel pipe and tube exports, setting unrivalled standards for quality and innovation. We aim to connect industries worldwide through top-tier stainless steel solutions, driven by our commitment to excellence and sustainability.

MISSION

Our mission is to deliver high-quality, dependable, innovative, and environmentally friendly stainless steel products to the global market. We aim to meet the diverse needs of our customers and contribute to the creation of a well-connected world.

CSR Activities

We have undertaken a social responsibility initiative centred around Lohagad Fort in Lonavala. Within the scope of this initiative, we address both the primary and secondary needs of the students. In addition, we host blood donation camps, resulting in substantial contributions to the Red Cross. This accomplishment highlights our status as one of the most substantial contributors among individual companies.

Stainless Steel Welded Pipes & Tubes

Specifications	ASME / ASTM A249 / A269 / A554 / A312 / EN 10217-7, Equivalent to EN & DIN Standards
O.D	12.70 mm to 406.40 mm
N.B	3/8" - 16"
Thickness	0.9 mm to 9.53 mm SCH 5S / SCH 20 / SCH 10S / SCH 40S
Length	up to 11.8 meters
Process Features	Solution Annealed - Pickled & Passivated
Surface Finish	Pickled
Grade	304 / 304L / 316 / 316L / 316Ti

Stainless Steel Seamless Pipes

Specifications	ASTM, ASME, DIN EN, JIS (JAPAN), NF (AFNOR) ASME / ASTM A312 Equivalent to EN & DIN Standards
O.D	13.72 mm to 219.08 mm
N.B	1/4" NB to 8" NB
Thickness	1.24 mm to 8.18 mm SCH 5S / SCH 10S / SCH 40S / SCH 80S
Length	up to 12 meters
Process Features	Solution Annealed - Pickled & Passivated
Surface Finish	Pickled
Grade	304 / 304L / 316 / 316L / 316Ti / 317 / 321 / DUPLEX

Stainless Steel Seamless Tubes

Specifications	ASTM, ASME, DIN EN, JIS (JAPAN), NF (AFNOR) ASME / ASTM A312 Equivalent to EN & DIN Standards
O.D	12.70 mm to 101.60 mm
OD in Inch	1/2" to 4"
Thickness	0.80 mm to 3.00 mm
Length	up to 12 meters in straight length, U bend tubes upto 24 meters
Process Features	Solution Annealed - Pickled & Passivated, Bright Annealed
Surface Finish	Pickled, Bright Annealed
Grade	304 / 304L / 316 / 316L / 316Ti / 317 / 321 / DUPLEX

Stainless Steel LSAW Pipes

Specifications	ASTM A-358, A-409, A-778, Equivalent to EN & DIN Standards
O.D	168.28 mm to 812.80 mm
OD in Inch	6" NB to 32" NB
Thickness	2.50 mm to 25.40 mm
Length	up to 6.1 meters
Process Features	Solution Annealed - Pickled & Passivated
Surface Finish	Pickled
Grade	304 / 304L / 316 / 316L / 316Ti

Stainless Steel Butt Weld Fittings

Specifications	ASTM / ASME A / SA 403 Equivalent to EN & DIN Standards
O.D	21.34 mm to 323.90 mm
Size	1/2" NB to 12" NB
Thickness	SCH 10S / SCH 40S
Products	90° Elbow, 45° Elbow, Concentric Reducers, Eccentric Reducers, Equal Tees, Reducing Tees, End Caps
Process Features	Solution Annealed - Pickled & Passivated
Surface Finish	Pickled
Grade	304 / 304L / 316 / 316L / 316Ti

Stainless Steel Sheets

Product	CR 2B Finish & No.4 Finish & No.8 Finish
Grade	304 / 304L & 316 / 316L
Thickness	Starting from 10 Gauge to 28 Gauge
Width	48" & 60"
Length	96" & 120" & 144"
Remarks	Weight maximum 2 tons per Each skid

www.sunmarkstainless.com

Stainless Steel Coils

Product	HR No.1 Finish
Grade	304 / 304L, 316/316L
Thickness	2.5 to 5.0mm
Width	1030,1250,1280,1530 mm
ID	610mm
Unit Weight	17.0-22.0 MT
Edge	Mill Edge, Slit Edge

Product	CR 2B Finish
Grade	304/304L, 316/316L
Thickness	0.9 to 2.0 mm
Width	1030, 1240, 1280 mm
ID	508/610mm
Unit Weight	4.0-5.0 MT/6.0-8.0 MT/9.0-12.0 MT/15.0-22.0 MT
Edge	Mill Edge, Slit Edge

Our Stainless Steel Products for Diverse Industries

Varied Applications
A Single Source of Supply.

At Sun Mark Stainless Private Limited, we take pride in delivering high-quality stainless steel products that cater to a wide range of industries. Our stainless steel solutions are trusted by professionals in Oil and Gas, Petrochemical, Pharmaceutical, Chemical and Fertilizer, Shipbuilding, Food, Water Treatment, Nuclear Thermal Energy, and Ethanol industries, where durability and aesthetics are paramount.

Our stainless steel products are the hallmark of reliability. We understand the unique demands of each industry we serve and are committed to providing innovative solutions that meet and exceed expectations. With Sun Mark Stainless Private Limited, you're not just getting products; you're getting a partner dedicated to your industry's success.
